Sub: Community Projects - South Kanara - Block I - Communications - Construction of a foot-bridge at Kamblabettu in Thokur village - Estimate - Sanction - Requested.

******

I submit herewith an estimate in duplicate with site plan etc. for the construction of a foot-bridge across the Poramboke channel in S.No. 10/1 of Thokur village at the locality known as Kamblabettu. The particulars required are furnished below:

1. Block No. ..... I.

2. Name of work. ..... Construction of a foot-bridge across the Poramboke channel in S.No. 10/1 of Thokur village at the locality known as Kamblabettu.

3. Whether the work was approved by the Firka and the Project Advisory Committees and whether it is included in the programme for the quarter ending 30-6-53. Yes.

4. Cost of the work. ..... Rs. 1,100/-

5. Villagers' contribution. ..... 25% of the cost which comes to Rs. 275/-

6. Expenditure to be borne by the Community Project. ..... Rs. 825/-

7. Remarks:

The proposal is to construct a foot-bridge across the Poramboke channel in S.No. 10/1 of Thokur village at the locality known as Kamblabettu. The villagers of Thokur have to cross the stream at the point where the foot-bridge is proposed to be constructed, to go the Haleangady which is their marketing centre The foot-bridge will also benefit the children who have to cross this stream to attend the local Elementary School. The work is a long felt need of the villagers, but as there is no Panchayat Board for the village, the villagers could not get it constructed so far. The estimated cost of the work is Rs. 1,100/ The villagers have promised a contribution of 25% which works out to Rs. 275/- The remaining expenditure of Rs. 825/- has to be borne by the Community Project. I recommend that the estimate may be sanctioned for Rs. 825/-

From the PEO. Mangalore. Ref. C.No 1228/53 B dt 25/5/53

It is observed that the PEO has submitted for sanction his estimates for foot bridges, both in the village of Dhokur and both for the purpose of negotiating the Stream to ~~cross~~ reach Haleangady Market and the elementary School at Dhokur. The PEO is requested to examine and report whether 1 foot bridge, located in such a way as to meet the needs of all parts of the village, may not be sufficient. A plan showing ~~covering~~ the two sites proposed, showing therein the location of the village sites of Dhokur, Kamblabettu & Haleangady, as also the elementary School, should also be furnished. The his estimates for foot bridges are herewith returned for reference

2. Multiplicity of the same type of work for same village should be avoided so as to conserve necessary resources for financing works of a similar nature for other villages. The P.E.O. should aim at 50% contribution in such cases so as to enable the Govt to afford the maximum convenience to the largest number of the population.

Sir,

Sub: Community Projects - South Kanara area - Communications - Construction of two foot-bridges in Thokur - Further report - Submitted.

Thokur village is cut across by several streams. This may kindly be seen from the sketch of the village now enclosed. The two foot-bridges proposed are not for the same stream as will be clear from the combined plan. The distance between the two sites is such that it will not be possible to have only one foot bridge at a convenient location to serve both the localities as suggested by the Government.

2. The total expenditure to be borne by the Community Project for the two works as per my proposal is Rs. 1,650/- at the rate of Rs. 825/- each. The average cost (expenditure to be borne by the Community Project) per foot-bridge fixed by Government is Rs. 1,700/- In this case, the cost of both the works is only Rs. 1,650/- which is within the ceiling fixed. As such, if these works are sanctioned, it will not in any way affect the needs of

p.t.o.

other villages. The villagers are mostly chalgeni tenants or Agricultural labourers. They are not in a position to contribute anything more than what they have already promised. I, therefore submit that the proposals already submitted by me may be approved.

G.O. Ms 1636 dated 19-6-53

Abstract:- Community Projects - South Kanara Area - Communications - Construction of a foot-bridge at Kaublabettu in No 10 Tokur village - Estimate - Sanctioned.

Read:- From the PEO. Mangalore - ref C No. 1228/53B dated 11-6-53 _____.

Orders:-

Sanction is accorded to an expenditure not exceeding Rs 825/- (Rupees Eight hundred and twenty five only) being three fourths of the estimated cost of Rs 1100/- for the Construction of a foot bridge at Kaublabettu in No 10 Tokur village. The balance of Rs 275 required to complete the work should be met by Contribution from the beneficiaries. This sanction is accorded against the provision in item II. 4. of the Project Estimate approved by the CPA in their letter No CP.A 33/5/52 dated 31-3-53.

2. The expenditure should be debited to "63 B Community Development Projects II. Community Projects - h. Communications & Works".

3. The PEO. Mangalore should get the work executed according to the plan and estimate herewith returned approved and submit a copy of the Completion report to Govt in due course.

(C No. 9798/53) Sub- Community Projects - South Kanara Area - Communications - Construction of a foot bridge at Kamblabettu in Thokur Village.

Ref- From the P.E.O. Mangalore. ref. C No. 1229/53-B. dt 2 5/53

Please see the letter from the PEO. Mangalore at p 1. cf. It relates to sanction of an estimate for Constructing a foot bridge at the locality called Kamblabettu in Thokuru village. The necessity for this work has been explained by the PEO, as the need for facilitating the villagers of Thokur

A. to cross the Stream at this point, to go to Haleangady which is the marketing centre and to go to the Elementary School which is across this Stream.

It is submitted that the PEO has made a similar proposal for a foot bridge across a Stream in the same Thokur village for the benefit of the villagers of Thokur, with the same object in view as explained at/A above. Thus it is possible that these two crossings are on different paths leading from different parts of the village of Thokur, but leading to the same market centre of Haleangady. As such the two paths may join into 1 path after the Stream crossing. The PEO has not examined the possibility of selecting a site of Crossing midway between the two now proposed, whereby there need be only 1 such foot bridge.

C No 9810/53 Audit Memo (11)

The PEO may be asked to examine this aspect and send a clear report, to decide whether 1 work will not do.

A draft memo is put up for approval.

From the PEO. Mangalore. ref C No 1228/53-B dt. 11-6-53

Please see the reply from the PEO. Mangalore at p 5 of The PEO has now enclosed a sketch showing the Site of the 2 foot-bridges proposed. The two foot bridges are reported to be across two different Streams and as such the foot bridges may be necessary. The estimate for the foot bridge near the

Subramanya temple

~~locality known as Kambladebettu~~ in Tokuru village is dealt with ~~separately~~ separately. The ~~the~~ estimate has been scrutinised and the cost is ~~reduced~~ ~~to Rs 990/- Rs 1100~~ The contribution by the beneficiaries at 25% is therefore ~~990 or Rs 247/-~~ Rs.275 1100 - 275 or Rs 825/- The sanction required is for ~~990 247 or 742/-~~ 825/- ~~his~~ he may be sanctioned

A draft order is put up for approval.

The estimate may also be countersigned

The ~~after~~ note-sheet contain details regarding target & progress. The estimate may thereafter be approved.
